**March Seminar
Come Climb a Tree with Us**

The Tree of Life is an Image which can open us to the spirituality of the natural world.
In this age of environmental crisis, how do we perceive the messages coming from Earth?
How can we align our souls more closely with hers?
We will utilize the images of Hildegard von Bingen and the voice of Sophia's presence to explore and share these riches through art, music and dance.

Facilitators: John Lee and Nancy Arko

Cost: \$35.00
